

Aluta Cadre (Pty) Ltd

About Us

Company History

Aluta Cadre (Pty) Ltd is a registered Pty Ltd company in South Africa with shareholders representing MK Military Veterans and MK veteran's beneficiaries, in association with Enterprise Development Solutions (EDS) Projects (Pty) Ltd.

Our Vision

Whether it is early childhood development centres, communities requiring blankets, beanies and scarves, swift intervention in a disaster relief effort, childhood protection, or providing for the elderly, we are committed to success. Making a meaningful difference in South Africa to those in need through social entrepreneurship and building capacity.

Mission Statement

Our company and its affiliates have a proven track record in training, mentoring and implementing sustainable co-operatives for the Department of Social Development. We believe there is a desperate need for these co-operatives in the rural areas and a symbiotic synergy between our current endeavours and rural development strategies within your department.

As part of South Africa's National Government's Priority Economic Goal, co-operatives must be adopted within rural areas. We need to uplift these areas by circulating money within them to prevent families from becoming detached through migration to the larger urban areas and cities in search of employment.

In a nut shell our job creation projects generate and stimulate any local economy by creating jobs in food co-operatives, logistic co-operatives, packaging, direct marketing, aquaculture (fish farming) and ECD spaza shops.

Our Values

Aluta Cadre (Pty) Ltd integrates core values such as faith, family, kindness, compassion, and integrity into the workplace. Through these core values, we are able to provide children and the elderly with nutritional meals in a safe and sanitised (bacteria free) environment.

What We Do

South Africa is in dire need of sustainable job creation projects. Our economy has historically developed very unevenly due to the apartheid legacy, creating hardships and lack of opportunity for the majority of the population. It is for this reason South Africa does not have a viable second economy.

In order to build a second economy, we need to deliver basic services and eradicate numerous challenges such as unemployment, poverty and education by creating opportunities and assisting with programs. This can be done by implementing sustainable co-operatives and building relationships that not only assist South Africans with a dignified income but also have far reaching and crucial socio-economic benefits.

Aluta Cadre (Pty) Ltd together with EDS Projects (Pty) Ltd will build factories, create sustainable employment, develop and mentor entrepreneurs, youth and women's groups. We will also provide training, mentoring and implement sustainable co-operatives for various Government and NGO social initiatives, using Private and Public partnerships by engaging with businesses in the economy.

Integration: Food production; Sourcing from local producers and co-operatives; Nutrition and sustainable livelihoods

YOUTH DAY 2017

The Year of OR Tambo:
Advancing Youth Economic Empowerment

June is celebrated as Youth Month in South Africa, with a specific focus on 16 June, which is also known as Youth Day.

Youth Month pays tribute to the school pupils who lost their lives during the 16 June 1976 uprising in Soweto.

This year marks the 41st anniversary of the Soweto uprisings.

"No act of kindness, no matter how small,
is ever wasted."
- Aesop

The Aluta Cadre team provided a nutritional Power Foods breakfast and handed out fruit packs to all those who were marching.
